

Dear Green Withens User,

Following the latest advice from the Government regarding Coronavirus (COVID-19), everyone in the United Kingdom should now avoid non-essential travel and contact with others. Given this information, Tim Kidd, UK Chief Commissioner, has suspended all face-to-face Scout meetings, activities and events from Tuesday 17th March 2020 until further notice.

This means that **all activities at Green Withens are postponed until further notice** - this includes the working party scheduled for Saturday 21st March.

Information regarding bookings:

We are continuing to accept bookings for all of our activities to enable continuity of activities should the situation improve. However, applicants should note that there is a strong likelihood that dates may have to be cancelled or changed.

Wherever possible, we will provide applicants with alternative dates, however this will not be possible in all cases due to staffing capacity and a limited operating season. Where a new date cannot be accommodated a refund will be offered.

As always, the safety of our young people and adults is our number one priority. We will update this information as we learn more about the developing situation from the Government and Headquarters.

Yours in scouting,

Management Committee

Green Withens Watersports Centre
